CHAMBER-VIEW

The **Chamber-View safety block** for semi-automatic pistols is designed to provide visible safety and security. Made of 100-percent silicone, the unit is completely impervious to cleaning chemicals and makes the host pistol incapable of being seated in a holster. The high-visibility orange unit gives users a clearly visible indicator of a safe and empty pistol. For more information, visit chamber-view.com or call 603-864-8999.

COMP-TAC G42 HOLSTER

New from Comp-Tac Victory Gear LLC is a Kydex concealed-carry holster for the new Glock 42 in .380 ACP. Combining the light weight and resistance to extreme environments of Kydex with the compact and powerful new Glock pistol makes for a potent concealed-carry combination. Holsters are available in left- and right-hand configurations, and matching Kydex magazine pouches are also available. For more information, visit comp-tac.com or call 866-441-9157.

CONCEALED CARRIE

Offering a wide range of concealment bags,

Concealed Carrie offers products ranging from satchels and totes to laptop cases and clutches. The bags come in a variety of colors and leathers, including crocodile and ostrich print. Holsters attach to Velcro inside the bags, allowing users to customize the angle and position of the gun and make the bags ambidextrous. All the bags can hold compact handguns, and the totes and laptops cases can fit full size handguns. For more information, visit concealedcarrie.com or call 770-807-8347.

DESANTIS CITY SLICKER COIN PURSE

Sometimes, carrying a traditional defensive weapon isn't practical—and in some cases, it isn't even allowed. An intriguing alternative is DeSantis's City Slicker Coin Purse, a leather-made, clutch-sized carrier that can be easily fit into a pocket or purse. Simply fill the City Slicker with a handful of coins or other weights, and it instantly becomes sap on a strong nylon strap that can act as a very effective close-range defensive tool. Of course, it also serves as a useful and easily accessible change and keys repository. No more scrounging! For more information, visit desantisholster.com or call 800-424-1236.

GALCO iDEFENSE

New from Galco is the iDefense, a combined iPad case and concealed handgun carrier. Now you can carry both of these items in one package. The iDefense resembles a regular iPad case or day planner, so no one would suspect what is in the compartment below. The case is made of fine leather with room for a spare magazine inside. The zipper is lockable, and the holster is fully adjustable for position and angle. For more information, visit galcogunleather.com or call 800-874-2526.

HIVIZ RUGER SIGHTS

HiViz Shooting Systems has developed and released two new sighting systems for popular Ruger handguns. Both systems feature superior light-gathering capabilities, all-steel sight base construction, and ramped and serrated sight blades with a square profile. The SR22 sight is part of the company's third-generation line of sights, offering the durability of an overmolded sight with the flexibility of interchangeable LitePipes. It includes three LitePipes in red, green and white. The RG2245L front replacement sight is made exclusively for the 22/45 Lite model and comes with six LitePipes in various colors to suit changing lighting conditions or personal preferences. For more information, visit hivizsights.com or call 800-589-4315.

NEW PRODUCTS

MTM SINGLE PISTOL CASE

Designed for safely and securely carrying a single semi-automatic pistol, the Single Pistol Pink Handgun Case delivers durable construction, sturdy and reliable snapping latches, and a large and comfortable carry handle. Constructed from tough polypropylene, the case features thick foam padding for protection as well as double padlock tabs for security. It is designed to house pistols with barrel lengths of up to 4 inches. Also available in black. For more information, visit mtmcase-gard.com or call 937-890-7461.

NEXT LEVEL SIRT PISTOL

The SIRT Training Pistol from Next Level Training brings together a host of patent-pending technologies in a package designed to improve a shooter's accuracy and gunhandling skills while effectively addressing ammunition costs and training liability with live rounds. The pistol, which simulates the size and handling characteristics of the Glock 17/22 series, features a fully functional rail, ergonomic frame, weighted training magazine, dual-indicator lasers and laser take-up toggle switch. For more information, visit nextleveltraining.com or call 360-933-4640.

OFFHAND GEAR NORB

The No Ordinary Range Bag (NORB) from OffHand Gear, designed and developed by a woman shooter for women shooters, combines the styling of a handbag with the benefits of a full-feature range bag. Featuring fashionable style, multiple pockets and an exterior ambidextrous zipper, the NORB is made in the U.S. from RipStop fabric that is durable and water resistant. The cross-body shoulder strap makes it comfortable and easy to carry. For more information, visit offhandgear.com.

PEARCE SHIELD GRIP EXTENSION

Offering the combined benefits of enhanced ergonomics as well as greater control, the Grip Extension for the Smith & Wesson M&P Shield from Pearce Grips is an ideal accessory for this popular pistol series. The synthetic extension replaces the factory magazine floor plate and is designed to provide additional gripping area for the shooter's hand as well as added length for better control and comfort. For more information, either contact your local dealer or visit pearcegrip.com or call 800-390-9420.

PRO-SHOT PINK MULTI-CALIBER CLASSIC UNIVERSAL PISTOL KIT

New from Pro-Shot is the Pink Classic Pistol Kit, a universal cleaning kit designed for use with .22- to .45-caliber pistols. The universal cleaning kit features a pink-coated 6.5-inch cleaning rod with pink swivel handle, brass patch holder, muzzle guard, a selection of brass core/bronze bristle bore brushes, heavy-duty

nylon bore brush, double-end utility brush, patches, Pro Gold sample kit and one-step CLP oiler bottle. For more information, visit proshotproducts.com or call 217-824-9133.

UNDERTECH UNDERCOVER

Concealment tanks are now available from Undertech Undercover in an expanded range of styles and colors. Women can choose the midriff or full-length tank in black, white or nude, making it easier to subtly blend them in with any outfit. All tanks have a holster on each side capable of holding any handgun you wish to carry. The tops are silky, stretchy and comfortable for all-day wear. For more information, visit glockstore.com or call 800-601-8273.
